During all phases of construction, 2-way traffic will be in place on Washington Heights. During Phase 2, deliveries to the M45 / Mo-Jo dock, M49 / Stockwell dock and E2 / CCRB dock will be maintained if scheduled in advance with the project contractor. During Phase 2, the Observatory - Washington Heights and Observatory - North University Court intersections will be closed to through traffic. In addition, all on-street parking and the M34 and E1 parking lots will be closed. For approximately 2 weeks during Phase 2, east-west traffic at the Geddes - Observatory intersection will be restricted during utility work. Geddes Avenue will be closed to through traffic between campus and Huron Parkway from mid-March through November.
